INNSBRUCK NATURE FILM FESTIVAL
Call for entries for the International Film Contest
You are nature! We are nature!

Amidst the richness and magnificence of nature, the INNSBRUCK NATURE FILM FESTIVAL will take place for the 19th time between the 6-9th October 2020. The film programme will be decided in the next few weeks.

Filmmakers from all over the world are invited to submit their works to Austria's one and only nature and environmental film festival, spanning a tradition of almost 20 years. From animation clips to reality-checks, sensuous to savage nature films, action thrilling environmental documentaries, to investigative exposures, the choice remains as untamed as our rugged hearts. Submissions are now open: www.inff.eu

The broad spectrum of formats – from filmmakers filled with images that move, tell stories, draw attention, delight, frighten and motivate – will ensure a diverse programme.

About the history of the INF

Originating from the Innsbruck Nature Film Days, which have been enriching the state capital's cultural scene since 2002, the rise to the international film competition **INNSBRUCK NATURE FILM FESTIVAL** came about in 2013. Its success and the increasingly relevant theme of „Nature and the Environment“ in everyday life, brought with it in 2018, the idea of an integrative, interdisciplinary festival (INF) to fruition.
