Good news: Nature is back!
You can feel it with all your senses. Personally outdoors.
Captured on celluloid: It's all about nature.

Go for the 19th Innsbruck Nature Film Festival
Go for the International Nature Festival 2020

The International Nature Festival from 2 to 10 October 2020 will be a festival of moving and animated images, of encounters and moments, digital and real, natural and genuine. Innsbruck is offering the ideal backdrop for all of it.

Rise and shine!

The deadline for submissions to the **Innsbruck Nature Film Festival** (INFF) is approaching. Until 15 June 2020 all filmmakers who want to take part in the renowned film competition can submit their films. What is also marching closer is the anticipation and excitement for the esteemed audience, the international community and the organising team to see, discuss and experience films from all over the world at the INFF in October for the 19th time. Whether in documentary or short film, as fiction and reality, let's simply give a riotous round of applause to the all-starred, top cast Nature and the Environment!

The **UNIQA INF Sustainability Award**, which is endowed with € 3,000 and shall be awarded for the first time, is also assigned to this topic. What's the catch? There is only one stipulation: what ever you submit must make a valuable contribution to the sustainable development of society and be from the year 2018, 2019 or 2020. This opens up doors to entire worlds of imagination and freedom! School classes, individuals, artists, companies, associations, project groups and many more – ALL are invited to participate and submit their work up until 20 September 2020.

When: 02-10.10.2020
Where: Innsbruck, Tyrol, Austria

About the INTERNATIONAL NATURE FESTIVAL – INF

The merger of the Innsbruck Nature Film Festival and the Innsbruck Nature Festival resulted in the INTERNATIONAL NATURE FESTIVAL. The unique Nature FILM Festival in Innsbruck is accompanied by EXPERIENCES. In addition, the INF will be hitting the road via ON TOUR to bring important topics surrounding nature and the environment to the fore in other regions and to make a valuable contribution to the sustainable development of society.

About the history of the INFF – INNSBRUCK NATURE FILM FESTIVAL

Originating from the Innsbruck Nature Film Days, which have been enriching the state capital's cultural scene since 2002, the rise to the international film competition **INNSBRUCK NATURE FILM FESTIVAL** came about in 2013. Its success and the increasingly relevant theme of „Nature and the Environment“ in everyday life, brought with it in 2018, the idea of an integrative, interdisciplinary festival (INF) to fruition. In 2020 INFF celebrates its 19th edition.
